2015 Race For Awareness Charity – This event has been held for 4 year with the idea generated by the athletes of West Chicago HS. The XC teams identify a worthy cause and donate the race proceeds to that cause, and at the same time, try to raise awareness of the chosen cause among their entire sports program and the entire student body. This year the captains chose CLEAN WATER as the cause for this race. Proceeds from the T-Shirt sales and concessions will go to this cause. Please help and support their charity where you can!
