- 1600m run
- 200m dash
- 4x400m relay

OTHER MEET INFO:

This meet is at Batavia's 200m Mondo Indoor Track! It should be a really nice facility for us to kick off our season. 1/8 inch SPIKES are allowed on the track. You will need to be careful where you walk if you have spikes and stay on the track surface. They also do not want GUM, FOOD, or any DRINKS besides water in the field house. We are to make our team camp in the cafeteria where we can have food and drinks. Please respect their rules and let's keep the field house nice.

Track meets take several hours, so plan accordingly and bring snacks and drinks to keep properly fueled.

Let's use this meet as a chance to put that hard work to use. This meet is a great chance to give a great effort and to try new techniques and strategies we've been working on so far this season. This meet only serves as a starting point to the season. I know we'll only get faster, stronger, and more technical as we progress in our season, but what I'm looking for is good effort from all of you.
