- 10 min break
- 4x400m relay

We had another great weekday meet and we need to use these performances to build to this coming weekend's relay meet. Let's fan the flames and build that fire up! The meet should be interesting as it's a deviation from the normal events and should make things more interesting. Given that it's a relay meet, I think things will go quite quickly on the track since there are only a few individual races. Be aware and prepared for this. Our team may be small, but we are mighty, and we have some great kids in a variety of areas on the track. As the season continues to build into the big 3 meets, I'm excited to see how things shape up. Let's get things rolling this weekend!
