- 1600m run
- 200m dash
- 4x400m relay

Girls, the indoor season is in full swing, and we are ready for another invitational. This is a great meet for us at this point in the season, and another great facility to compete at as well. Also, for this meet,  $\frac{1}{4}$  inch spikes may be used. These are the standard size spikes that are used for outdoor track, so use them if you have them!

This is an excellent opportunity to continue to show progress against a variety of competition. Continue to prepare well for your event, focus your energy, compete hard, and cheer on your teammates. I've been impressed with the team spirit and positive energy so far this season, keep that up!
