This is going to be a great night that celebrates the sport of cross country. Let this positive energy move you to go beyond what you think you are capable of. No Limits! Get after it early and go with the flow. Then stay strong and focused in the middle before finishing fast. This can be a fast course, but you have to work for it. You need to make sure you are determined to MAKE it happen. We know this course well and can use that to our advantage. Run with that Viking spirit!

Run determined, Run strong, and Run happy!
